Lansford Warren Hastings : The emigrants' guide to Oregon and California (Narratives of the Trans-Mississippi frontier) before purchasing it in order to gage whether or not it would be worth my time, and all praised The emigrants' guide to Oregon and California (Narratives of the Trans-Mississippi frontier):

0 of 0 people found the following review helpful. InformativeBy KarieInformative and interesting for anyone who wants to learn about the pioneer experience.3 of 4 people found the following review helpful. Page to StageBy T. G. HarpsterI bought this book by Lansford W Hastings because I have written a musical about The Donner Party. One of the key numbers in the score is called LANSFORD W. HASTINGS where he describes in song what his book is about...a short cut to California. The book is really interesting and full of information...unfortunately, misinformation, because Hastings never took this route....But 87 men and women of the infamous Donner Party followed his book...and the rest is a tragic story that unfolded in the Sierra Nevada Mountains in 1846.I found it an interesting and informative read, and now I can understand WHY the Donner Pasrty choise to go the way they did.....Thanks!1 of 2 people found the following review helpful. historical source bookBy dee gurneyThis is a reprint of the faked-up book which caused the horrific Donner tragedy and cannibalism of 1846. (See George Stewart's "Ordeal By Hunger".) I too am using it in a book on a similar tragedy involving the Death Valley 49ers, tentatively titled "The Evil That Men Do". Making reprints of original source materials, such as this by Hastings, available at reasonable prices is a great service by to America's writers. Hasting was basically a scumbag whose ambitions and lies cost one hundred to die miserable deaths in 1846 and again in 1849. You can read about the heroic survival of one of the Death Valley 49ers in my 1975

book, currently in reprint through and titled "Women of the West" by Dorothy Gray.

Title: The Emigrant's-guide to Oregon and California.Publisher: British Library, Historical Print EditionsThe British Library is the national library of the United Kingdom. It is one of the world's largest research libraries holding over 150 million items in all known languages and formats: books, journals, newspapers, sound recordings, patents, maps, stamps, prints and much more.
