Coert Voorhees : In Too Deep before purchasing it in order to gage whether or not it would be worth my time, and all praised In Too Deep:

1 of 1 people found the following review helpful. A great readBy Gilbert BradyThis book should be a must read for every young adult. The story grabs you right away and keeps getting more and more suspenseful throughout.The book is witty, intelligent, and gripping. Once I started reading it, I could not put it down!Enjoy the journey the author takes you on, it is worth it.0 of 0 people found the following review helpful. Would not suggest this if your looking for a suspense ...By Tim GordonWould not suggest this if your looking for a suspense novel. Maybe if you have a 12 year

old light mystery reader to give it to. 2 of 2 people found the following review helpful. must read - young or old
By David Modesett
Entertaining from first to last. I can't wait for a sequel. Voorhees has introduced a modern day Nancy Drew, coupled with a brilliant and well crafted humor. Loved it.

Annie Fleet, master scuba diver and history buff, knows she can't fight her nerd status as a freshman at her Los Angeles private school. And she doesn't care—except for the fact that her crush, Josh, thinks she's more adorable than desirable. Annie is determined to set him straight on their school trip to Mexico. But her teacher has other plans: he needs Annie to help him find Cortez's lost-long treasure. Suddenly, Annie finds herself scuba diving in pitch-black waters, jetting to Hawaii with Josh, and hunting for the priceless Golden Jaguar. But Annie and Josh aren't the only ones lured by the possibility of finding the greatest treasure ever lost at sea. Someone else wants the gold—and needs Annie dead. In deeper danger than she ever imagined, can Annie get the boy and find the Jaguar, or is she in over her head? Critically-acclaimed author Coert Voorhees delivers breathtaking romance and non-stop action in his newest novel, the spirited and captivating *In Too Deep*.

From School Library Journal
Gr 7-10
Annie Fleet is more comfortable in the water with scuba gear on than she is talking to her peers at the private Los Angeles high school she attends, and she'd much rather study the history of shipwrecks than party with her classmates. The one thing that can pull Annie out of her waterlogged world is Josh, the charismatic son of a famous movie star. On a school trip to Mexico, things go horribly awry when Annie's teacher convinces her to go hunting for Hernn Cortz's rumored treasure lost at sea. Suddenly, Annie and Josh are inextricably linked to each other as they jet off to Hawaii, hunting for a priceless buried treasure. Voorhees has created a heroine who is not to be underestimated; sure, Annie wants the boy, but she's also smart, self-possessed, and incredibly witty. Most importantly, Annie and her friends are completely believable; Voorhees nails the teenage voice. The bad guys are stock characters who feel like something right out of a Scooby-Doo episode, but fans of Maureen Johnson and Sarah Mlynowski will immediately be attracted to self-effacing, relatable Annie. The plot, while requiring a suspension of disbelief, moves at a clip, ensuring that reluctant readers will stay hooked, and Voorhees never lets the story get too bogged down in historical details or scuba-diving jargon. Afrothy and fun adventure.

From Booklist
At her California high school for the children of celebrities, Annie, an expert scuba diver and teachers kid on scholarship, sticks out like a sore thumb. But when a spring-break class trip to Mexico gives her the opportunity to do some undersea exploring for a massive treasure connected to the explorer Cortez, Annie's skills become a hot commodity—hot enough that heartthrob Josh wants her, and someone else wants her dead. As Annie pieces together clues and Josh draws closer, she grows her self-confidence, becoming a leader who can, and does, take charge. This is a fun summer romp. Although secondary characters mainly exist for plot development, the danger, history, travel, romance, and vividly described scuba-diving scenes will draw readers deeply in. Grades 6-9. --Heather Booth
About the Author
Coert Voorhees (www.coertvoorhees.com) was born and raised in New Mexico. A former Fulbright Scholar, Coert has lived all over the world and now resides with his family in Houston, Texas, where he received an MFA in Fiction from the University of Houston. He is the author of the critically acclaimed *The Brothers Torres* and *Lucky Fools*. He is also the creator and current mayor of the animated education series and website *Grammaropolis*.
