Shannon Lane : Insiders' Guide to Civil War Sites in the South (Insiders' Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Civil War Sites in the South (Insiders' Guide Series):

2 of 2 people found the following review helpful. Very nice readBy D. WeatherlyI enjoyed this and will make an excellent reference for when I visit the area. I wish they spent more on the lesser know battles instead focusing on the

more well known battles. Also maybe explored the areas more. Fort Donelson for example has a Tennessee State Park near by for visitors to stay and eat, same Shiloh and that is not mentioned in the book.

Civil War history buffs will love this unique travel guide to the South's most famous and infamous battle sites, including historical background, directions to hard-to-find locations, and tips on where to stay, eat, and shop.

From the Back CoverThe world of Civil War history and reenactment.
