Here's a guide worth your time and attention, in its second edition. Author Eric Lehman takes the reader around the State on Connecticut, exploring by county. Each chapter identifies popular attractions, activities and events, shopping, accommodations, and a sample tour. A final chapter offers practical advice for those planning to move in. Listings in the back include hospitals, universities, and public media.Throughout, the author provides useful

commentary and details not often found in tourist guides, the kind of conversation that differentiates the counties of Connecticut from each other. The book includes a dozen or so sketch maps useful for basic navigation. Highly recommended as a useful planning resource to the traveler and those planning a longer stay. 3 of 3 people found the following review helpful. Excellent Resource

Excellent resource for anyone who lives in CT or visits regularly. As a 25-year resident of CT, I was surprised to see many places I had not explored or known about until I discovered them here in this book. Recommending this guide to my friends and family. 2 of 2 people found the following review helpful. Excellent guide!
