Katie Van Luchene : Insiders' Guide to Kansas City, 2nd (Insiders' Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Kansas City, 2nd (Insiders' Guide Series):

1 of 7 people found the following review helpful. Great BookBy The Footpath CowboyTHE INSIDER'S GUIDE TO KANSAS CITY is a wonderful book. It tells you where the best neighborhoods are on both the Missouri and Kansas sides; the best school districts; the best health care; and virtually everything you need to know about this area. Of course, it could talk about the shopping malls in more depth, like some other books in this series, and some radio

station listings are inaccurate as to category and should be taken like the humor in AMERICAN WEDDING, SIMPLY IRRESISTIBLE, THE SISTERHOOD OF THE TRAVELLING PANTS, HARVARD MAN, DRIVE ME CRAZY, 13 GOING ON 30, PRETTY WOMAN, MY BEST FRIEND'S WEDDING, HOW I MET YOUR MOTHER, FRIENDS, DATE MOVIE, and/or the two GARFIELD movies featuring Jennifer Love Hewitt (for example, KRBZ belongs in the Rock/Rhythm/Soul category, not the Contemporary category, while KLZR is not even a Kansas City station but is based in Lawrence and belongs in the Contemporary category, not Rock/Rhythm/Soul, as does KFME, which is now KCJK, and moreover, KNRX is now KMJK- an adult urban contemporary station- and is located about 45 minutes away, in Lexington, MO), as should the listing of Countryside as a separate city (it merged with Mission in 2003), but overall, if you're interested in different metro areas, you'll crave this book. 0 of 0 people found the following review helpful. Indispensable book, for visitors AND residents! By Customer I've lived in Kansas City for almost thirty years and work for one of the establishments described in the book. I won't say which one because this note is about the book and especially the author, Katie Van Luchene. While her knowledge and research is impressive (who knew about some of this stuff?), her writing style really makes this book work. The individual write-ups are fantastic. My book is already dogeared, with clipped pages and highlighter everywhere. We have frequent house guests from outside the area and I will soon be experiencing some new things right along with my guests. Kansas City has so many interesting and fun assets, but no one has pulled it all together like this before. Maybe our best asset is Katie herself! 0 of 0 people found the following review helpful. Useful travel book By M. L. Maynor We live approx. 3 hours from KC and like to visit about once a year. This book is packed with useful information. It's a great buy even if you plan on visiting KC only once.

From its vibrant jazz scene and world famous barbecue to its historic mansions and renowned museums, Kansas City has something for everyone. Whether you enjoy riverboat casinos, stupendous shopping opportunities, or stunning parks and gardens, this guide will lead you there.

"By far one of the best lines of guidebooks available anywhere. Even if you've lived in one of the Insiders' Guide locations for years, you can bet you'll learn new places to go, people to meet and things to do." -Vapor Trails on-line travel magazine (praise for the series)
