Comprehensive guide, but a lot can change in a few yearsBy KatieI got this book as a Christmas gift for my sister and brother-in-law who were moving to Louisville pretty much sight unseen. They were very excited to start skimming through it but as this book was published back in 2010, some of the information may no longer be current. Given the economic climate of Kentucky and the US as a whole, I wonder how much has changed

since the book was released. 4 of 4 people found the following review helpful. Great for relocation  
By B. Smith  
I bought this for my sister who was relocating to Louisville and she found so much in it that she didn't know - found some great local parks and things to do with the kids. She has kept it beside while they adjust to their new place and has loved it.
