**T. D. Griffith, Dustin D. Floyd, Bert Gildart, Jane Gildart : Insiders' Guide to South Dakota's Black Hills Badlands, 3rd (Insiders' Guide Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to South Dakota's Black Hills Badlands, 3rd (Insiders' Guide Series):

relied on other guidebooks for info on places like Sioux City and Mitchell. It has interesting historical tidbits and the info was plenty accurate. What more can one ask from a guide book?6 of 6 people found the following review helpful. I carried it with me every dayBy PeaceYes, there are some historical and geographical inaccuracies in this book, however as a trip guide it is comprehensive and quite helpful. I recently returned from a 6 day trip through the Black Hills, Badlands and Wyoming. The maps were helpful. The restaurant suggestions were excellent. I took several of the Day Trips recommended outside of the area and enjoyed all of them. If you have time check out Spearfish Canyon, Black Hills Wild Horse Sanctuary, Canyon Lake, and Chapel in the Hills. These were true highlights. I carried this book with me every day of my trip and frequently referred to it.7 of 26 people found the following review helpful. Inaccurate product informationBy Donald P. GibsonAlthough the book may contain excellent information (I haven't read it) I would find it impossible to buy when the Product Description indicates factually inaccurate information that an average fifth grade student wouldn't make. It states that the Badlands of South Dakota is the "Home of Mount Rushmore (true)and the site of Custer's last stand" (definitely not true). The Battle of Little Big Horn (Custer's so-called Last Stand)actually occurred about 475 miles to the east in Montana. If I can't trust the initial Product Information provided by the Editor then how can I trust that there won't be other inaccuracies in the book. This is not a minor error or a typo, it is an appalling lack of an understanding of basic American History. Although there was a Black Hills Expedition of which Custer was involved his Last Stand was elsewhere.

Home to Mount Rushmore and the site of Custer's last stand, South Dakota's Black Hills are steeped in history. This comprehensive guidebook also features the area's restaurants, casinos, Native American heritage, and natural wonders.

"Visitors will find this book a terrific resource; those who live there will definitely want to own it."--Family Travel Times(praise for the series)
