**Todd R. Berger : Insiders' Guide to the Twin Cities, 4th (Insiders' Guide Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to the Twin Cities, 4th (Insiders' Guide Series):

12 of 14 people found the following review helpful. Waste of hard earned cash...By Jody KSomeone tried to write a Twin Cites version of the Natives Guide to Chicago and failed miserably. This book can be summed up as a list of the places the author knew in the Twin Cities. The does not appear to be any real research of the content that was done. There are significant items missing in all sections of this book. Do Not Waste your Money!0 of 0 people found the

following review helpful. Great guide bookBy GskFnI used this to orient me to the Twin Cities on a week-long stay for a conference, and the book was a terrific resource. I wanted to venture off in my rental car and sightsee, and also, make like the residents eating, drinking, and appreciating neighborhoods. This urban guidebook was excellent. It really primed me for where to go, and also, I had some terrific meals along the way. Made me want to return to the Twin Cities again someday.

One of the great underrated metro areas of the United States is explored in detail, from the active arts district, fine dining, and fossil beds within the Minneapolis-St. Paul city limits to the region's 22 lakes and wildlife preserves.

"Everything you always wanted to know . . . and then some: places to stay, restaurants, folkore, art, natural and man-made attractions, shopping." --Travel and Leisure (Praise for the Insiders' Guide series)
