IllesI took a completely out of the blue trip to Tulsa, OK and realized I'd need a guide book as I was utterly clueless about the city or the state for that matter. This guide book I found on , and it was just what I needed to get my bearings, very complete and easy to navigate when it comes

to maps, directions, cool facts, and big and secret points of interest. Tulsa has a rich history, is quite lovely really. I was glad I had this book as a companion. It is thorough, well organized and came in very handy, especially when I attempted to retrace Route 66 on a weekend trip to Oklahoma City. 2 of 2 people found the following review helpful. Good book, good service

Bought it as a present for my sister moving to Tulsa to work for Teach for America. I glanced at the book, which seemed to be a helpful guide to a new city, for visitors and new residents alike. It arrived in perfect condition, and a couple of days earlier than planned. :)
