**Jason Gabler : Insiders' Guide to Twin Cities (Insiders' Guide Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Twin Cities (Insiders' Guide Series):

6 of 8 people found the following review helpful. Don't BotherBy DeborahI bought this to take on my second trip to Minneapolis and St. Paul where my daughter just started college. It's a lovely area, but I don't think the author has been to the Twin Cities. We went to a few of the shops and places mentioned and they were nothing like as described, but huge disappointments. The author assumes you are going to shop only at the Mall of America, but we were

looking for small, local places. You can find out where to go from the local magazines in your hotel room. Don't waste your money on this. 0 of 0 people found the following review helpful. Terrific (based on the earlier 4th edition) By GskFnI used the 4th edition (2004) of this guidebook to orient me to the Twin Cities on a week-long stay for a conference in 2006, and the book was a terrific resource. I wanted to venture off in my rental car and sightsee, and also, make like the residents eating, drinking, and appreciating neighborhoods. This urban guidebook was excellent. It really primed me for where to go, and also, I had some terrific meals along the way. Made me want to return to the Twin Cities again someday.

Insiders' Guide to Twin Cities is the essential source for in-depth travel and relocation information to Minneapolis and St. Paul. Written by a local (and true insider), this guide offers a personal and practical perspective of the cities and the surrounding environs.
