**Rebecca Aloisi, Barbara Ruben, Mary Jane Solomon : Insiders' Guide to Washington, D.C., 7th (Insiders' Guide Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Washington, D.C., 7th (Insiders' Guide Series):

1 of 4 people found the following review helpful. Great Guide To Washington, D.C. And Its Surrounding AreaBy The Footpath CowboyTHE INSIDERS' GUIDE TO WASHINGTON, D.C. is a great book, with an absolutely impeccable description of historical sites, music venues, theaters, shopping malls, neighborhoods, and freestanding stores of all kinds. It shows the DC area, despite its reputation for having the nation's highest percentage of couch potatoes, to be

an area with enough ethnic diversity to provide healthy diet ideas for anyone with any kind of celebrity crush. There are, however, certain parts of the book that really need to be taken like the humor in comedy movies/shows featuring Alyson Hannigan, Jennifer Garner, Cameron Diaz, Sarah Michelle Gellar, Melissa Joan Hart, and Jennifer Love Hewitt. One of these is the section on the Virginia suburbs, which says that the schools south of the District are excellent, when, in fact, from all available evidence, the schools in Howard and Montgomery Counties in Maryland are much better in many areas. Another is the "Media" section, which fails to account for such changes as classic rock station WARW's recent change to Triple-A, with its new call letters being WTGB, and a local classical station's change to Adult Hits, the call letters WXGG, and the nickname "George 104" (after George Washington). Overall, however, whether you're planning to visit or move to the Washington, D.C. area, or are just proud to be American, this book will enrich your life.

From the Smithsonian to Capitol Hill, this guide to the diverse world of Washington, D.C. gives an extensive overview of the area's best dining, lodging, shopping, day trips and recreational activities, including information on nearby Northern Virginia and suburban Maryland.

From the Back Cover For more than twenty years, the Insiders Guide series has remained the essential source for in-depth travel and relocation information. Each guidebook is written by locals and true insiders and offers a personal, practical perspective that readers everywhere have come to know and love.
