4 of 5 people found the following review helpful. Everything you will need to know, and more!By Hello Kitty EllenIf anything, this guide book has too much information! It's packed full of info on restaurants, places to visit, hotels, the military, Colonial Williamsburg and so on, all in great detail. You'll need to spend some serious time on the couch to

read through all of it! I like that it includes info that people who are just visiting Williamsburg will need, plus the info that those thinking of moving to Williamsburg will need (neighborhoods, hospitals, and daycares). Does a good job of giving detailed descriptions of hotels and restaurants so travellers can narrow down their options. Also includes interesting cultural issues like Southern food and the Native American heritage and how to pronounce local words correctly.

Visit the Historic Triangle's most fascinating attractions, from historic Colonial Williamsburg, Yorktown, Jamestown, and the James River plantations, to modern-day Busch Gardens, Water Country USA, and the shopping mecca of the Williamsburg Pottery. Learn about the area's regional cuisine, outstanding wines, and its military heritage. Listen to its ghost stories! This new completely updated edition of the Insiders' Guide to Williamsburg provides information even seasoned visitors will welcome, including descriptions of just-opened attractions, museums and exhibits, and detailed listings of new restaurants, hotels, tours, and annual events.
