Great for a first visit!By ChaleighThe area of Williamsburg is large that if you are planning a weekend trip or a week's vacation, it's imperative to get a "lay of the land" before you go! This book allows you to do that!This book helps you decide where to spend your time in this wonderful city: Colonial Williamsburg, Jamestown, Yorktown, Busch Gardens, Golf and Golf galore, not to mention the tons of

shopping and restaurant choices to make! A lot of people get fooled thinking that there isn't much to do in and around this town....this book showcases all the different activities (and when the busy times are at each) as well as giving you a glimpse of what to do and not to do with the kiddos. I highly recommend visiting this areaand buying this book before you go!
