Insight Guides : Insight Guides Texas before purchasing it in order to gage whether or not it would be worth my time, and all praised Insight Guides Texas:

It gives interesting historical information and is full of beautiful photographs. However, it's somewhat lacking in helpful information that I look for in guidebooks, and in some places has not been updated. It offers very few suggestions for hotels and restaurants. Its maps of Dallas do not show the light rail stations, which are very handy for getting around town. Also, it describes the free Dillo shuttles in Austin, which were discontinued in 2008.1 of 2 people found the following review helpful. Liberal leaning travel guide, if you like that sort of thingBy DHAll I wanted was a nice book to give my neighbor's

who are moving to Texas. A nice gift to give them some ideas of things to do in Texas. What I got was a Left leaning travel guide. Really? You can't even keep your liberal views out of a travel book? It's a travel book!! So tired of the Liberal agenda and now it's even in a travel book... about Texas.
