**Karen Rudnick, Anne P. Copeland, Helenann Wright : International Newcomer's Guide to Boston** before purchasing it in order to gage whether or not it would be worth my time, and all praised International Newcomer's Guide to Boston:

5 of 5 people found the following review helpful. I've tried it and it works!By A CustomerHaving lived in four countries now I found this book to be very helpful. It avoided the US tendency towards far too much information which shows great discipline by the authors in achieving this as the needs of the newly arrived vary tremendously, and

it is a large US city. It is a handy companion size and is easily referred to giving need to know information which is a brilliant support tool in the early stages of a move. It delivered what I expected and was really the lynchpin of a successful, happy move here to Boston. 5 of 5 people found the following review helpful. International Newcomer's get help! By A Customer When we moved to the States we found this book practical and informative in its content. The fact that quotes were used from other expats made you feel "yes, other people have done this, met the same seemingly trivial difficulties and survived". It was not overwhelming in the information it gave and pointed you in the right direction if you needed to find out more.

International Newcomer's Guide to Boston is a 126-page book written especially for international and domestic newcomers to Boston. This unique collection of information and practical advice is designed to help the newcomer manage the first few weeks and months of relocation. Much more than a travel guide or welcome packet, this International Newcomer's Guide to Boston contains explanations and information not found in any other publication. Produced by a non-profit newcomer research organization, this invaluable manual contains no confusing advertising or commercial bias. Business and government transferees, students, and professionals will find this Newcomer's Guide to Boston an amazing resource, packed with all the answers, even to the questions they haven't asked yet.

From the Publisher This book has received excellent feedback from its readers. Many companies and realtors buy multiple copies and hand them to all their newcomers - international and domestic alike. From the Author We have worked with newcomers to the Boston area for many years and in many capacities. We are pleased to be able to provide a concise set of answers to all the questions we have heard. About the Author Karen Rudnick holds a B.S. in Organizational Behavior and a Master's Degree in Applied Management. Her professional emphasis is cross-cultural management. Rudnick is the Managing Director of Savoir Faire, Incorporated, Lexington, MA, a consulting firm specializing in multiple aspects and challenges of acculturation and international relocation for employees and their families. Rudnick is also a certified English as a Second Language instructor and has designed training programs for tutors of English speakers of other languages. She is a sought after speaker on cultural issues and cross-cultural management matters. Anne P. Copeland is founder and Director of The Interchange Institute, Brookline, MA. She is also Adjunct Associate Professor of Psychology at Boston University, and an organizational consultant and a licensed clinical psychologist, specializing in individuals and families who move from one culture to another. She conducts research on individuals and families who relocate to new countries, and writes and speaks frequently about this research. Helenann Wright is Director of International Education Services at Savoir Faire, Incorporated, Lexington, MA, where she specializes in the development of programs for people from the United States moving internationally, and for international expatriates and their families moving to the United States.
