**Delorme Publishing Company : Iowa Atlas Gazetteer** before purchasing it in order to gage whether or not it would be worth my time, and all praised Iowa Atlas Gazetteer:

1 of 1 people found the following review helpful. Great for finding the out-of-the-way placesBy Doug ErlandsonWith the Iowa state line no more than an hour away from our home in eastern Nebraska we have had ample occasion to visit various parts of the Hawkeye state. And each time we go I take my gazetteer along. This makes visiting so much more fun, since it is easy to find shortcuts on the county roads, locate various out-of-the-way places, and discover places that we would never know existed if our only aid was a regular road atlas. More than once we've come across a tiny lake or pond or a small hamlet because it has been shown on the gazetteer. This is the one tool you need if you are going to do

any serious exploring of the state of Iowa.
