ISO TC 39/SC 4 : ISO 7983:1988, Woodworking machines -- Single blade circular sawing machines with travelling table -- Nomenclature and acceptance conditions before purchasing it in order to gage whether or not it would be worth my time, and all praised ISO 7983:1988, Woodworking machines -- Single blade circular sawing machines with travelling table -- Nomenclature and acceptance conditions:

Specifies the nomenclature appropriate to each part of the machine (in English, French and Russian, and the equivalent terms in German, Italian and Swedish) and the geometrical tests for these sawing machines, and gives the

corresponding permissible deviations which apply to machines of general purpose use and normal accuracy. It deals only with verification of the accuracy of the machine. It does not apply to the testing of the running of the machine nor to its characteristics which should generally be checked before the accuracy is tested.
