**Henry James : Italian Hours: The right time is any time that one is still so lucky as to have.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Italian Hours: The right time is any time that one is still so lucky as to have.:

Henry James was born on 15 April 1843 and is regarded as one of the great literary figures of 19th Century writing. Born in New York, he moved between there and Europe, being tutored in Geneva, London, Paris, Bologna, and Bonn. At the age of 19 he briefly attended Harvard Law School, but preferred reading literature to studying law and settled the next year in England. As well as an outstanding author he was also a dramatist, travel writer and most passionately, a literary critic. He advocated that all writers should be allowed the greatest possible freedom in presenting their view of the world. Here, he shows his skill as a travel writer. He became a British subject in 1915, a year before his death on 28th February 1916.
