Jess Roche : Jaw-Dropping Geography: Fun Learning Facts About Exciting England: Illustrated Fun Learning For Kids (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jaw-Dropping Geography: Fun Learning Facts About Exciting England: Illustrated Fun Learning For Kids (Volume 1):

2 of 2 people found the following review helpful. Jaw-Dropping Fail By Hans Gruber To call it a "book" is incorrect. It's basically a booklet. There are no color photos. The info is VERY exceptionally basic and lacking. There is a lot of empty space on each page where many more facts and info could have been provided. There is nothing "jaw-dropping" about this.
