Meriwether Lewis, William Clark : Journals of Lewis and Clark (National Geographic Adventure Classics)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Journals of Lewis and Clark (National Geographic Adventure Classics):

At the dawn of the 19th century, Meriwether Lewis and William Clark embarked on an unprecedented journey from St. Louis, Missouri to the Pacific Ocean and back again. Their assignment was to explore the newly acquired Louisiana Territory and record the geography, flora, fauna, and people they encountered along the way. The tale of their incredible journey, meticulously recorded in their journals, has become an American classic. This single-volume, landmark edition of the famous journals is the first abridgement to be published in at least a decade.
