Mr Rich H Pike : Junior Goes Transatlantic: A Kiddie Atlantic Ocean Experience before purchasing it in order to gage whether or not it would be worth my time, and all praised Junior Goes Transatlantic: A Kiddie Atlantic Ocean Experience:

Transatlantic Ho! Ever wonder what ocean travel would be like with little ones in tow? This illustrated guidebook takes you across the Atlantic ocean on the Queen Mary 2 from Brooklyn, New York to Southampton, England. Lots of adventures and commentary along the way. Warning! Photos may cause seafares and landlubbers to set sail! And no,

most people don't get seasick, not even the squimish ones...

About the Author Born and Raised in New York, but constantly finding himself in Europe, the author has firmly decided that sailing on the Ocean during most weather conditions beats flying over it.
