Easy pieces of great interest whether in New Jersey or not. 2 of 2 people found the following review helpful. This is a must own for all Jerseyites. By Lars Brown This book caters towards kids and people who do not like to read, but everyone will appreciate it. It is a must own to anyone from New Jersey, as it documents many of the ghost stories, folk tales and legends endemic to the area. Being the author's son, I offer the "Killer Shark on the Loose" and/or "The Red Scarf" stories for my friends to read. Then they refuse to give me the book back until they've read the whole thing! If you're living in Jersey, an ex-Jersey local, or just in the mood for a good book, pick this one up.

Amazing, but true. These are stories about real people and real events, as well as some mind-boggling mysteries nobody at all has been able to explain. And all these things happened not far from where you are now, just around the corner, in New Jersey.
