**James Kavanagh, Waterford Press : Kansas Butterflies Moths: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kansas Butterflies Moths: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide):

1 of 1 people found the following review helpful. Basic, perhaps less than basic. By Randy The version I received had all pictures with wings down, not folded up. It is good for a quick reference when you are learning the most common (familiar?) butterflies of Kansas. The pictures are presented in the style of preserved butterflies....most Skippers do not lay flat when they are in the field. 0 of 0 people found the following review helpful. Five Stars By Customer This is a quick reference that goes with you into the field. 2 of 2 people found the following review helpful. butterflies By carolevery nice, use it all the time and when the family saw it they wanted one so I bought 2 more for them. Handy, small easy to carry and has everything I need to identify butterflies

The sky blue spring azure, one of the earliest spring butterflies, is one of over 380 species of butterflies and moths found in the diverse ecosystems of this region. This beautifully illustrated guide highlights over 70 familiar and unique species and includes information on their life cycle and features illustrations of common caterpillars and pupae. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
