**Kenn Bennett :** **Kenn Bennett's Secrets to Enjoying Yosemite Valley** before purchasing it in order to gage whether or not it would be worth my time, and all praised Kenn Bennett's Secrets to Enjoying Yosemite Valley:

4 of 4 people found the following review helpful. Great book!By David J BossKenn Bennett's book has been very helpful in helping me plan our next family trip to Yosemite. With limited vacation time, it's important to us that we get

the most of every moment in the park. Using Bennett's guide, I know we'll see all the sights we want to visit, like Vernal Falls and Mirror Lake. And with kids in tow, having a handle on navigating the park's shuttle lines will help maximize our time getting around. Bennett offers insightful tips for the novice visitors, like staying in Oakhurst the night before to get a jump start on the crowds in the morning, how and when to book reservations for camping inside the park, and specifically detailed suggestions for driving tours in and around the entire valley. 0 of 0 people found the following review helpful. Kenn Bennett's Secrets to Enjoying Yosemite Valley By jeff Reinig Kenn Bennett's book hits the mark for seeing and enjoying the main sights of Yosemite Valley. There are so many sights to see and things to do in Yosemite, that many books try to cover it all and it's overwhelming. I was raised in Merced, The Gateway to Yosemite, and spent a lot of time in Yosemite Valley. Kenn gives great, detailed information about each activity he recommends. I especially like the "Hikes and Walks" section. He gives detailed information about each hike, directions to the trailhead, the length of the hike, the difficulty. Don't we all try to get someone's "personal" point of view when we take trips? Well Kenn Bennett's book does just that! 0 of 0 people found the following review helpful. Wonderful addition to my collection of Yosemite Books By J. Collins II As a Yosemite sojourner for more than 50 years, I appreciate Kenn's book on so many levels. This is a book to keep with you on the trip to the park as well as to savor at home so you can dream about your next travel. This is a must have book for the first time visitor as well as a seasoned Yosemite visitor.

Almost everyone who visits Yosemite National Park goes to the Valley and this is the first guidebook to focus solely on the Yosemite Valley. Kenn Bennett shares his secrets learned in over 30 years of visits to the Valley and as an information volunteer for the Yosemite Conservancy. Secrets like getting lodging reservations and walking alone among giant sequoia trees. Features detailed descriptions of 10 Valley hikes and candid reviews of every sleeping, dining and shopping option available in the Valley. Also includes hints on using the Valley shuttle system and the 50/50 Valley Driving Tour.
