Delorme Publishing Company, Delorme Mapping Company : Kentucky Atlas and Gazetteer (Kentucky Atlas Gazetteer) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kentucky Atlas and Gazetteer (Kentucky Atlas Gazetteer):

Top quality but no bar scale for figuring mileageBy Mark GardnerDelorme's excellent highly detailed maps, however they lack a linear bar mileage scale on each page for figuring mileage. Instead they print at the bottom of each page a ratio scale: "1 inch = 2.4 miles (3.8km)". While the latter is helpful, a bar scale is much easier to use. The omission of a bar scale is the only reason I didn't give the atlas 5 stars.0 of 0 people found the following review helpful. Five StarsBy TinaEverything was fantastic. Thank you!0 of 0 people found the following review helpful. These are the books for me.By Green eyed ladyLove these books!!!!
