Susan Reigler : Kentucky Bourbon Country: The Essential Travel Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Kentucky Bourbon Country: The Essential Travel Guide:

0 of 0 people found the following review helpful. No much for non-drinkersBy Jon L AlbeeI know that sounds like a ridiculous title for a review about this particular book, but I chose it for a specific reason: This is not a guide to the Bourbon region of Kentucky, but it a sharply focused guide to the distilleries and the product itself. Don't buy this book looking for coverage of landmarks or for a heritage tour of the region. This book is about alcohol.That being

said, if you drink this drink, this book is about as good as you're going to find. The coverage of distilleries is comprehensive, and all the contexts from the history of the drink to its craftsmanship and tasting methods are all well covered. The book is very nicely constructed of heavy gloss paper which really complements the outstanding photography. Into Bourbon? This is your book. Looking for historic landmarks? Look elsewhere. 1 of 1 people found the following review helpful. This is an excellent book for the distilleries. By Tara R. I live in Arizona and I'm planning a trip to bourbon country next year. This is an excellent book for the distilleries, restaurants and local entertainment. 0 of 0 people found the following review helpful. Great resource for planning a Kentucky bourbon trail trip. By LizzieDGave it as a gift. Great resource for planning a Kentucky bourbon trail trip.

Like wine lovers who dream of traveling to Bordeaux or beer enthusiasts with visions of the breweries of Belgium, bourbon lovers plan their pilgrimages to Kentucky's bourbon country. And what a country it is! Some of the most famous distilleries are tucked away in the scenic Bluegrass region stretching between Louisville, Bardstown, and Lexington. Locals and tourists alike seek out the world's finest whiskeys in Kentucky as interest in America's only native spirit continues to grow. In *Kentucky Bourbon Country*, Susan Reigler offers essential information and practical advice to anyone considering a trip to the state's distilleries or to the restaurants and bars on the Urban Bourbon Trail. Featuring 200 full-color photographs and a bourbon glossary, the book is organized by region and provides valuable details about the Bluegrass including attractions near each distillery and notes on restaurants, lodging, shopping, and seasonal events in Kentucky's beautiful historic towns. In addition to providing knowledge about each point of interest, *Kentucky Bourbon Country* weaves in little-known facts about the region's best-kept secrets, such as the historic distillery used as a set in the movie *Stripes* and the fates of used bourbon barrels. Whether you're interested in visiting the place where your favorite bourbon is made or hoping to discover exciting new varieties, this handy and practical guide is the key to enjoying the best of bourbon.

"Finally we have a serious study of America's first, only, and great noble spirit. This is a tale of legends and history, beautifully illustrated, and it's hard to believe any book on the subject will surpass it." John Mariani, author of *The Encyclopedia of American Food and Drink* "Bourbon lovers will find a vacation in a binding with this wonderful book, whether or not the car ever leaves the driveway; for travelers, it's the perfect planning guide. Folks less enamored of bourbon will still enjoy the history and geography lessons learned, as well as the glorious art." *Louisville Courier-Journal* "It's clear that Reigler and Spaulding thought long and hard about what a bourbon-oriented visitor would want to know and see, and they present their findings with the confidence only an insider can pull off." Charles K. Cowdery, author of *Bourbon, Straight: The Uncut and Unfiltered Story of American Whiskey* "Kentucky Bourbon Country leapfrogs internet travel sites and gives a comprehensive travel guide that digs deep into each Kentucky region. . . . As a Kentuckian, I'm thrilled with how Reigler explores not only bourbon, but takes you inside several relatively unknown destinations." *Whisky Advocate* "The book is an essential resource for bourbon fans planning a pilgrimage." *Courier Journal* About the Author Susan Reigler, award-winning former restaurant critic and travel writer for the *Louisville Courier-Journal*, is the author of *The Complete Guide to Kentucky State Parks* and coauthor of *The Kentucky Bourbon Cocktail Book*. Pam Spaulding, a veteran photographer and photojournalist, is the photographer of *The Complete Guide to Kentucky State Parks* and *The Kentucky Bourbon Cocktail Book*. Carol Peachee is a fine art photographer and cofounder of the Kentucky Women's Photography Network. She is the winner of the 2010 Elizabeth Fort Duncan Award in photography from the Hopkinsville Art Guild.
