By Cinnamon Hollow  
This is a great guide for parents looking for local places to take their families. This is the 4th edition. It has been updated with new places and ones that have closed have been removed. This book makes for a handy travel guide to keep in your glove compartment. It lists nature preserves, museums, local attractions and even some eateries. It gives locations, pricing and contact info as well as websites for each place. I love how the guide is broken down by regions of the state and then has a table of contents for each region as well. There are tips for traveling on a budget as well as things to know before going on the road. If you're looking for a local travel guide I recommend the "Kid's Love..." guides! There's one for I75 too! KIDS LOVE I-75, 2nd Edition: Your Family Travel Guide to Exploring the Best Kid-Tested Places along I-75. 400 Fun Stops Unique Spots from Michigan to Miami (Kids Love Travel Guides)  
Disclosure: I received a complimentary updated guide. All opinions are my own.
