helpful. Want To Smile And Be Entertained? - This Is Your Book!By Joseph L BurkeAuthor Joei Hossack is a full time RV-person and a part-time Lecturer and Yenta. Her self-deprecating dry wit and the true stories of her adventures will inform and entertain you. If you are lucky enough to meet her, you'll enjoy an attractive, warm, lady with enough energy and heart for a thousand books. And, if I live long enough, I'll read them all. How to describe the stories of Joei's travels? How do you describe the ocean to someone who has never seen that much water? Joei is overwhelming but she makes you want to be "welmed" - over, under, and through.0 of 0 people found the following review helpful. Kiss This Florida,By Jo HarmonThis book was fun and sad. Joei sure had her ups and downs. Like all her books except for the one she wrote about Turkey.

Author, Joei Carlton Hossack sells her home and everything she owns in Sarasota, Florida buys a truck and a fifth-wheel trailer and takes off on a great adventure, that of living life on the road.
