Famous People just dead! By SULLY Bought for a friend who is fascinated with the final resting spot for famous people! Creepy but that's his thing!

A scintillating who's who and who's where of California's dearly departed. You'll find movie stars, sports greats, musical geniuses, eccentric personalities -- more than a thousand of the state's rich, famous, and interesting.

Star gazing at cemeteries is a favorite California sport, especially in Southern California where so many of the constellations lie. One of the nicest things about a visit to celebrities' final abodes is that you'll always catch them at home.
