Indispensable Resource for the Lake Hartwell AreaBy ValerieI have found this book to be an indispensable resource for discovering new places to see and experience. The book is laid out in an easily accessible style and is full of charming descriptions of many of the various locales. A personal favorite appears on page 11 where the author informs me (with the sort of emphasis normally reserved for the color commentator at a college football game) that I can see baby goats. I find that sort of enthusiasm infectious and find myself wanting to visit Split Creek Farm at the earliest opportunity. I find this book to be not just a compendium of locations and resources, but rather an adventure guide. Each destination leading to the next, just a little further down the road. If you are traveling in these areas or plan to, I cannot recommend this book enough. Now if you will excuse me I have to make plans to head for Anderson South Carolina to see a few baby goats.Connor Macleod0 of 0 people found the following review helpful. An activity book with much information on the Lake Hartwell areaBy Midwest Book ReviewWhen on vacation, no one wants to spend time paralyzed with indecision. "Lake Hartwell Area Recreation Guide" is an activity book with much information on the Lake Hartwell area, spelling out the countless activities that one can take part in the area, ranging from the expected boating to the nightlife to beer tasting to even auto racing. Quite simply, if one is planning a trip to the Lake Hartwell area in South Carolina and Georgia, "Lake Hartwell Area Recreation Guide" is considered absolutely required.
