Gives the past and helps make sense out of some of things you see along the North Shore. Like the numbered roads near the Silver Creek Cliff that I've wondered about for years. They were part of the Encampment Forest Association, a club of wealthy families who built cabins there in the 1920s. It was fun to find out how many of the landmarks became remarkable.4 of 4 people found the following review helpful. North ShoreBy Sean JohansenAs two Minnesotans one native and one not we both enjoy traveling along the North shore of Lake Superior.This book outlines some of the major things and not so major things to see along this fantastic scenic backdrop.We would recommend this book to people who are both Minnesotan and non Minnesotan who want to explore this region.It is compact enough to take along whether hiking, biking, or in the car glove box.Hit the road with this book along route 61 and you will be in paradise from Duluth, to Two Harbors, to Grand Marais.Explore historic sites like Split Rock Lighthouse, visit State Parks like Gooseberry Falls and wander along the lakeshore.1 of 1 people found the following review helpful.
