Jeffrey Marion : Leave No Trace in the Outdoors before purchasing it in order to gage whether or not it would be worth my time, and all praised Leave No Trace in the Outdoors:

0 of 0 people found the following review helpful. Worth reading for those who love outdoor adventuresBy CarolinaEven as a NOLS student I still find it hard explaining Leave No Trace ethics to my camping friends because it comes off as me telling them what to do and it's just not a big deal to them. They'd rather take way too much food, tons

of toilet paper and wipes, and items that produce way more trash than necessary. This book helped me pass on the knowledge to a couple of friends as a gift. I hope it will make a difference in their future trips and allow them to be a bit more aware of the choices they make. 0 of 0 people found the following review helpful. Five Stars By FredGreat guide to reducing your personal impact on the natural world. 0 of 0 people found the following review helpful. Short, concise, well-written volume on the latest thinking on Leave No Trace and outdoor ethics from a professional scientist By Steven Jarvis The latest views on outdoor ethics and Leave No Trace from a scientist who studies this for a career. Luckily, he's a good writer, too. If you own only one book on LNT, this should be the one. Short and concise and well-written.

The essential guide for enjoying the outdoors without harming the environment. Details the seven core principles of Leave No Trace ethics and practices Covers hiking, campfires, food storage, and personal hygiene Endorsed by the USDI National Park Service, Bureau of Land Management, Fish Wildlife Service, U.S. Geological Survey, and the USDA Forest Service

About the Author Jeffrey L. Marion, PhD, was a founding member of the Leave No Trace board of directors and spent a decade as chairman of the Educational Committee, helping to develop LNT's principles, outdoor practices, courses, and educational materials. He is currently employed by the U.S. Geological Survey and stationed at Virginia Tech University, where he is also an adjunct professor in the College of Natural Resources and Environment. He lives in Blacksburg, Virginia.
