From Westcliffe Publishers : Texas (Then Now (Westcliffe)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Texas (Then Now (Westcliffe)):

By A. Singer I had the good fortune to hear the author, Richard Reynolds, speak when this book was published. He was very interesting. When I found this book used, I jumped at the opportunity to buy it. Sadly, the book is not as interesting as the author's presentation was. I don't regret buying it, but would have been had I payed full price.
