I think there were missed opportunities to capture city settings because of Texas cities like Austin, Dallas, Houston, or San Antonio, but other than that it captures other settings that are true to Texas. A little stereotypical as in when you see a national broadcast in or about Texas most everyone assumes it's all about horses, cowboys, small towns, cows etc..... but as anyone who is local will tell you, Texas has cities here as well that will rival most anything else you can find in the US.0 of 0 people found the following review helpful.
