Ms. Melinda Esco : Texas Wineries (Texas Small Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Texas Wineries (Texas Small Books):

0 of 0 people found the following review helpful. Too SmallBy Tony Marquise Jr.This is a Texas Small book that is too small. The meat of the book simply lists the address and contact information for each Texas winery in bussiness when the book was written. No info on principel wines produced or amounts produced. The info included can be found on the internet. Not worth the money.2 of 2 people found the following review helpful. Beginner Book for Texas WineBy Marc D. GraffVery nice straightforward short book about the Texas wine industry. Other books are available for more advanced readers. Typography and format are great.

Melinda Esco blended her love of Texas travel with an appreciation for wine and toured as many of the esteemed Texas wineries as possible. She discovered that, while some owners are native Texans and some are transplants, all

share an infectious enthusiasm for their businesses. Texas wine-making is really agriculture-based tourism a billion dollar industry Texas big business at its best. Esco gives a brief history of Texas winemaking, talks about the process, the business, and explores some of her favorite wineries. There's even a glossary of terms: Legs? Nose? Tannic force?

About the Author MELINDA ESCO is production manager at Texas Christian University Press. She's been in publishing for many years, and she's visited every corner of Texas. A former Master Gardener, she can talk horticulture with the best of them! She lives outside Azle, Texas.
