I purchased this as a gift and had to have one for my home too! There are famous people and everyday people that share their beliefs or experiences in short essays. After reading some of these essays it will really make you pause and think about your faith. All the essays are short and to the point. Love this book as something you can grab and read one of these essays in a short amount of time, but is better than reading one of the popular weekly magazines. I highly recommend this book. There is something for everyone! 3 of 3 people found the following review helpful. Inspiring By K. Walker The moment I first flipped through this book, I knew I wanted it for my collection of inspiring literature. Far from preachy, it delivers simple---yet profound---spiritual perspectives from folks of all faiths who happen to be Texans. The photography is captivating. In addition, I especially cherish the

translations from the major religious orientations of the world of The Golden Rule. Phenomenal how such an enduring guideline for living transcends cultures and belief systems. It is a bit pricey, but perfect for a special gift. 3 of 3 people found the following review helpful. A very special book for Texans of faith By Sharkman Excellent book Photos are very special A one of a kind essay Any Texan of faith will enjoy Perfect for a cool evening on a screen porch

It is best to travel slowly along the roads and highways of Texas. Not because of speed traps, though they are there. But because if you travel slowly, you are less likely to miss the turns that will take you to the heart of this great state. Take these turns, and they will lead you to stories and places of faith. The Amazing Faith of Texas is an exploration in words and pictures of people and places that represent the strong, abiding belief that sustains faith-filled Texans. A belief that transcends the boundaries of religion. Transcends the dogma. Transcends the differences. We have heard all we need to hear about what divides us. The Amazing Faith of Texas is about what unites us. From tiny churches on dusty back roads to the mega churches along our cities highways, from temples, mosques, and synagogues Amazing Faith is a look at our places of worship and a listen to the stories that bring Texans to their faith. From the desert of West Texas to the pines of East Texas, from the Panhandle to the border, The Amazing Faith of Texas is an exploration of common ground on higher ground.
