There are larger, better books with more content, but for avid collectors worth a few bucks.0 of 0 people found the following review helpful. New Jersey ShoreBy richard grimmGreat book if you like pictures of the Jersey Shore and and want to support the beaches of New Jersey

New Jersey is home to classic and legendary boardwalks -- explore all of them, past and present, in this useful and informative guide to the Shore's "boards." This take-it-with-you guidebook offers locations, directions, maps, as well as side trip suggestions. Boardwalk history and trivia are provided alongside color photographs and old postcard images. This expanded and revised 2nd edition also includes a new section about biking the boardwalks, too.

"Authors and walkers Richard Handschuch and Sal Marino tell you where to walk, what to see, how to get there and some history, some stories, some stats and some facts about the boardwalks of New Jersey." --Asbury Park Press"Fact-filled" --The Times (Trenton, NJ)
