Matt Willen : The Best in Tent Camping: Pennsylvania: A Guide for Car Campers Who Hate RVs, Concrete Slabs, and Loud Portable Stereos (Best Tent Camping) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best in Tent Camping: Pennsylvania: A Guide for Car Campers Who Hate RVs, Concrete Slabs, and Loud Portable Stereos (Best Tent Camping):

2 of 2 people found the following review helpful. Very helpful campground review for the Pennsylvania camperBy Mike M.This is a helpful review of many of Pennsylvania's best camp grounds. It's quite accurate based on the few sites that I've already visited. The author clearly prefers quiet and private campsites in areas with many natural attractions like state forests, hiking trails, swimming, etc. I appreciate how he provides detailed information on which specific camp sites are most secluded, most sheltered, close to a stream or lake, or whatever else might make it desirable. After reading through the book I've selected a half dozen sites throughout the state that I hope to visit over the next couple years.3 of 3 people found the following review helpful. The best in tent camping seriesBy DiscusMy first 5star rated product on ! I love this book so much that I bought all of these books for my nearing states, too. Author is definitely biased toward quiet, spacious, and beautiful campgrounds which just happens to be my exact tyle of camping too. This book is important for me because I am committing my time and my family time which is rare and precious. You never want to end up somewhere where kids and wife had horrible time and they never want to go camping again. This series of book had major contribution to my family WANTING to go camping all the time..So why rely on this book and not web reviews or other forums and chatrooms? because I TRUST the authers. Everybody has their opinion of what makes a great camping experience. I can go on countless websites that tells me pros and cons of every campsite I want to try out. The opinion that matters review by people I trust. I hit about 5 campsites based on these books and they have all been a homerun. I love their star rating system, its maps, and author's review of each campground. If you are a beginner camper or you are trying to convince somebody to like camping, you want to have this book handy.1 of 1 people found the following review helpful. One of My DreamsBy CustomerTent Camping is a lot of fun to me. I have dreamed for years of just taking off in my vehicle, loaded down with a few clothes and a few items to tent camp, fish, maybe hunt, and see America. I worked in NW Pennsylvania, and it is absolutely breathtaking scenery. Streams, rivers, trees, hills, mountains, towns, cities -- it is a beautiful state. I haven't been back to tent camp yet, but my plan is set. The book is top-notch and shows me just what I want to know about this matter. I heartily recommend it.

Between the state's two major population centers, Pittsburgh and Philadelphia, Pennsylvania offers the outdoor enthusiast thousands of square miles of hills, forests, and rivers to pursue a variety of outdoor activities--hiking, bicycling, skiing, fishing, boating, and camping. The Best In Tent Camping: Pennsylvania provides a guide to the fifty best places in the state to pitch a tent and spend the night without being bothered by the noise of loud portable stereos, large recreational vehicles, and crowds. In addition to providing campers with essential information about each campground (including season, rates, facilities, and how to reserve a site), the guide identifies the best sites at the best campgrounds, offers information on exciting day trips, suggests hikes and activities accessible from the campgrounds, and describes the flora and fauna campers might encounter on a trip. From the Pocono Mountain region to the Allegheny National Forest, the Laurel Highlands to the suburbs of Philadelphia, The Best in Tent Camping: Pennsylvania is an indispensable guide for the person who likes to sleep in a tent not far from the convenience of the car.

50 of the most scenic campgrounds...includes at-a-glance key information, driving directions and detailed maps. -- Parents Express, August 2006About the AuthorMatt Willen has lived in Pennsylvania for the past fifteen years, during which he has explored many of the state's hiking trails and kayaked many of its rivers. He is currently a professor at Elizabethtown College, where he teaches courses in professional writing. He lives on a farm outside of the town of Hershey.
