Johnny Molloy : The Best in Tent Camping: The Smokies and The Southern Appalachian Mountains, 4th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best in Tent Camping: The Smokies and The Southern Appalachian Mountains, 4th Edition:

2 of 2 people found the following review helpful. Useful - Led us to Great CampgroundBy MillerI purchased this for a family camping outing to GSMNP. It led us to an excellent campground that is off the beaten path - Cosby

Campground. It's full of details to help you choose the campground you want. I highly recommend the book if you are planing a camping trip to GSMNP or the surrounding areas and are not already familiar w/ the campgrounds.0 of 0 people found the following review helpful. Four StarsBy Bobbi SVery helpful0 of 0 people found the following review helpful. Good but not great bookBy GuesswhoIt's an OK book. Not as good as I had hoped for reference info in the Smokies.. Very little back country info

The Great Smoky Mountains National Park attracts millions of people per year. The allure of the Smokies often overshadows special areas adjacent to the park. This book covers not only the Smokies, but also the highlands of eastern Tennessee, western North Carolina, northern Georgia, and western South Carolina. The only guide to the Smokies and Southern Appalachian's best tent camping features newly designed campground layout maps and UTM and latitude/longitude coordinates for each campground entrance. Descriptive text and ratings for security, quiet, and beauty make this new edition a must-have for every tent camper's library.

His recommendations for great trails and good fishing holes are based on first hand experience, rather than just local hubbub." Foreword Magazine
