Outdated already By Kelly Elliott It was a great book until we actually got to NYC and found out that everywhere we wanted to go from the book had closed. Seriously, everything. I know it can't be updated by the minute but it was a slightly frustrating. So much so that I left it in the garbage in the hotel because it wasn't worth bring home which is very out of character for me. 8 of 8 people found the following review helpful. Not worth it at all By Elizabeth F. Unless you can find it for cheap, don't even bother. They seriously list Home Depot as something to do. Really guys? Why would anyone in their right minds travel to NYC to see a big box hardware store. There are a few things worth looking into, but I think my money would have been better spent in

the city and my time on some blogs. Very disappointing. 0 of 0 people found the following review helpful. MUST BUY! For anyone visiting, or anyone already living here. By sophia Amazing book for anyone visiting the city, or even for someone who has been living here for years. I've been living here for 5 years now and I had no idea about some of these things to do. This book is so helpful and amazing, I really am looking forward to trying some of the stuff in here. I only wish I had enough money to be able to do it ALLL!!!! DEFINITELY recommend. Well written, and the best source for NYC tips I've ever come across. Way better than anything online.
