**Dorothy Waldman : The Biker's Guide to Texas: 25 Great Motorcycle Rides in the Lone Star State** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Biker's Guide to Texas: 25 Great Motorcycle Rides in the Lone Star State:

1 of 1 people found the following review helpful. Missing the point of riding in TXBy L. KimbleI spent the past 20

years driving all over the state and looking for scenic rides and trips. This book is OK, but Dorothy missed the point of riding in this state. It's not taking the main roads (which are great for traveling at 60mph in a car), but finding the cool back roads that make motorcycling fun. One of the mecca's for bikers is the "3-sisters" ride in the Leakey, Campwood, Vanderpool area. This ride is not even mentioned in the book. If you really want to find the best riding, contact the local motorcycle groups in that area. I have found a number of great rides from joining other riders at the meetup website. 0 of 0 people found the following review helpful. very good  
By Bonnie Bjork -Hiland  
Has interesting rides with area maps that shows the routes. Tells about the rides and places to stop and see that you may find interesting. Also talks about different places to eat that are off the beaten path!!

By Robert Yelvertong  
good

This is the book Texas bikers have been waiting for. There's plenty about what to see and do along the way, but the focus is on the rides: Where to go, what signs to look for, how far the next turnoff is, when to be especially alert for what's around a sharp bend, when you can expect to relax a bit and just cruise. These 25 great rides have been scouted by Dorothy Waldman, who became a Biker Babe in her fifties when she finally mustered the courage to get on a motorcycle. She quickly discovered the thrills of riding the back roads of the Lone Star state, from the North Texas woodlands and lakes to bliss on a bike to the pastoral Gulf Coast to the tricky ride in Big Bend country along the Rio Grande. The most desolate, the most adventurous, and the most memorable sixty-seven miles of pure riding ecstasy or pure terror, a ride to be attempted, she warns, only after you've fully mastered your bike. Such pithy appraisals pepper the directions and route descriptions in *The Bikers Guide to Texas*. All rides are carefully mapped. They come with hints on what to see, where to eat and where to stay.
