Benjamin Woods Labaree : The Boston Tea Party (Northeastern Classics Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Boston Tea Party (Northeastern Classics Edition):

" A brilliant and scholarly demonstration of the way a single act of violence can affect the course of history. ... The reasons for the resort to war ... have never been brought into such clear focus as through the lens of this remarkable

study." Julian P. Boyd, editor, *The Papers of Thomas Jefferson* "One of the most important books ever written about the origins of the American Revolution." *Journal of American History*
