A Must Have for a Trip to Walt Disney WorldBy Kindle CustomerI have purchased Mr. Merola's other travel guides and have found them extremely useful, this updated version did not disappoint. This book is full of information that individuals , especially those traveling with children and teens, will find very helpful. The book covers everything from what the different Disney World parks are like, what rides are in

each park, what the Fastpass system is, what rides take the Fastpass, tips for getting the most out of the Fastpass, the various hotels on property, the price options to get into the parks, the different meal plans and all the different restaurants and I could go on and on with just how much information is in this book. What makes this book extra special is the author's love for the park and his insider tips. This is a father, who wants you to love your trip to Walt Disney World as much as he does when he takes his own family. Disney World is a magical place, but it can be confusing and overwhelming. This book helps tremendously with the way it breaks down the information in a clear, organized and easy to follow manner. I recommend it highly for anyone planning a trip to Walt Disney World, even if you have been in the past. I was surprised to read how many things have changed over the years since my last visit. 0 of 0 people found the following review helpful. Great resource. By Folina Dubernol Great resource for planning your trip with the goal of getting the most for your money, timing your schedule to your advantage, staying at the best place for YOUR family's interests/priorities, etc... Some great tips/tricks for making the (let's face it--herculean) task of a Disney trip not only survivable but enjoyable. 0 of 0 people found the following review helpful. Five Stars By Kindle Customer I actually enjoyed this book. It had some tips and hints that I hadn't heard before.

Check out the Walt Disney World guidebook that contains over 215 tips and secrets to save you time and money!
