review helpful. Five StarsBy Nancy M. MannoGreat and informative book on Disney World0 of 0 people found the following review helpful. 5 star book and travel service!By rjs momJeffrey Merola has a lot of facts and information in this book. I found it to be well organized and an easy read. It was particularly helpful to have when touring WDW with my family. We could go directly to the information we needed.This book is smaller and more concise than other guides, but contains all the information you need before and during your trip.I also highly recommend Jeff as a WDW travel planner. He makes your reservations, including meals, and has excellent availability. We had an urgent need for his help in the middle of the night. I called Jeff and he had already spoken with management by the time we arrived back at the resort! I originally contacted Jeff because after more than 15 trips to WDW, I was ready to try something new. Mr. Merola has consistently saved us money on our vacations with all the benefits Disney offers, plus his own service oriented advantages.
