**Charles Bahne : The Complete Guide to Boston's Freedom Trail** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to Boston's Freedom Trail:

Highly recommended. The only thing to be aware of is that it is a little outdated, so some of the logistical things were inaccurate and you might want to double check on them if it's important to you (for example, a bathroom near the Burial Ground doesn't exist anymore (a bad thing for us!), tours on the Constitution go later than indicated in the book (this worked out well!), and the old tea party ship is no longer there.0 of 0 people found the following review helpful.
