Richard J. Berenson : **The Complete Guidebook to Prospect Park and the Brooklyn Botanic Gardens** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Guidebook to

Prospect Park and the Brooklyn Botanic Gardens:

0 of 0 people found the following review helpful. it looked like a great way to explore the park and learn ...By Susan Bought for my son who lives near Prospect Park, it looked like a great way to explore the park and learn more about it. 1 of 1 people found the following review helpful. Interesting By B. Langle If you're into a geeky read about the history and layout of Prospect Park, then this book is a great read. Great pics, colorful pages, TONS of tips and suggestions. Even the dimensions are jacket pocket friendly. 1 of 1 people found the following review helpful. Such an excellent resource By Sascha Ingram This is a fantastic resource for folks interested in a succinct telling of the history of Prospect Park and BBG. It's made my daily trips to the park all the more enjoyable. At this point, given the changes in the skating rink at the park and the updates to the BBG, there are a few things that are out of date, but it's still an excellent resource.

Conveniently sized to fit in a pocket or bag, this reference includes more than 100 places to visit in Brooklyn's Prospect Park and nearby Botanic Garden. Eleven walking tours cover numerous sites in the Park, including the Zoo and the famed Cherry Walk. Beautiful full-color illustrations and photographs identify various birds and flowers; 20 pages of maps help you navigate and find restrooms and public services.
