Janet Groene, Gordon Groene : The Complete Idiot's Guide to Walt Disney World Orlando before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Walt Disney World Orlando:

18 of 19 people found the following review helpful. If this is one step above useless, what's useless?By A CustomerI just DUG THROUGH THE GARBAGE CAN to find the receipt so I can return this book. I usually like the Complete Idiot's Guides but this one was a real zero. When I got to the part that hinted that the Haunted Mansion was too intense for children under 8, I said, "That's it." Yuck. Do NOT buy this book. Spend your Disney Dollars on the Unofficial Guide or the Official Guide or DW with Kids but DO NOT buy this one!6 of 6 people found the following review

helpful. The title is painfully accurate. By A Customer This book was one step above useless. A Walt Disney World vacation is a big investment. Stick with a quality guide when planning your WDW trip. Get a copy of Birnbaums Official Guide or Rita Aero's excellent guidebook. Anything less is risking disaster. 10 of 10 people found the following review helpful. Just okay By A Customer I would strongly recommend you spend the couple of extra bucks and buy Shelinger's Unofficial Guide to Walt Disney World. This book was slightly useful, but not nearly as much fun or as chock full o'info as the other.

Easy-to-follow, down-to-earth coverage of some of the most popular destinations in the world. In the candid, conversational tone of a friend who's already been there, the CIGs provide step-by-step pointers for everything from budgeting your trip and packing, to learning your way around a city or hanging out with the locals. Unlike other daunting text-heavy guidebooks, the Idiot's Guides feature: Interactive quizzes and worksheets, quirky cartoons, dozens of maps and practical tips galore, multiple indexes. Hotels Restaurants recommended by Frommer's.
