Had to go with another source.50 of 52 people found the following review helpful. A Good "First Start" For Planning A Trip To NYCBy

Brian A. Hodges Here are the pros and cons of the book after actually using it to tour New York City. Pros: - Very informative "tidbits" of information about New York (i.e.: New York History, Tourist Traps, Dollars and Sense, and Time Savers). - Good information about how to pick a hotel and restaurant if you don't know where to begin. - Good information on the mass transit system and how to get around. - Good information on the major tourist attractions in New York (hours and days open, cost, directions, etc.). - Helpful planning sheets if you can't figure out what you want to see first. Cons: - The size of the book is too big to fit easily into a jacket pocket. - The cover is fluorescent orange which screams "tourist" when you take it out in the subway. - It focuses entirely on Manhattan. If you are staying outside of Manhattan the maps don't provide enough detail to show you how to get from outside of the city to the city itself. Overall a good first start for planning a trip to New York City. It provides the basic information of where to stay, where to eat, and how to get around in Manhattan. I recommend a more detailed travel guide (Michelin Green City Guide comes to mind) to accompany this book once you are in the city and start walking around or when you want to visit outside of Manhattan. 9 of 11 people found the following review helpful. The Book Review By Vick Page This was a great book. It was very fun to read and very easy to understand. The maps were detailed and that really helps when you don't know where you are going! It was a great book and I would really recommend it!

c Quick Easy Guidance so your customers will have more time to enjoy their trips and less time to rummage through pages of useless information. Heavy use of dynamic icons, maps, and indexes expertly developed by our Frommer's travel staff. c Idiot-Proof Instructions so your customer will know when to go where and why, all without the stress of wondering, "Will I get burned?" c Down-to-Earth Advice detailing the location by sights, hotels, restaurants, do's and don'ts, tourist traps, and time- and money-wasters to be avoided! Our new Complete Idiot's Travel Guides have the advice and opinions that matter for the perfect idiot-proof trip.
