Use this book in conjunction with a google map to really figure out where to stay, eat, and visit. Good reading.0 of 0 people found the following review helpful. very good.By Berylmy sister, The good thing about this product is that I can now cut thin slices of my homemade fresh bread! Nice and valuable. so fast, receive it next day . very patient and helpful.12 of 12 people found the following review helpful. Idiocy is a nice state

of mindBy Dennis DimondI compared this guide to three others and found the Complete Idiot's Guide to be much more useful for my family. It was nicely organized with very up-to-date, easy-to-understand information for the D.C. novice. The handiest feature is built-in, full color maps -- a D.C. features map in the back and the rapid transit system grid, drawn by color, inside the front cover. It makes this book a definite "take-along" when touring our nation's capital.
