Patricia Hodapp : The Complete Santa Fe Bucket List before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Santa Fe Bucket List:

Mildly useful book By Ron YI was expecting a more in depth review of the amenities and attractions in the Santa Fe area. The book just seems to skim the surface of places to

explore around the Northern New Mexico vicinity. Maybe the book would be more valuable for someone who had never visited the area before. 4 of 4 people found the following review helpful. Highly Recommended By Bookpreneur Patricia Hodapp's Bucket List of 100 great things to do in Santa Fe is a highly recommended guide for those wishing to explore northern New Mexico's culture. Once in Ansel Adams and Georgia O'Keeffe country, these rare illustrations such as the Plaza and a burst of clouds above the Sangre de Cristo Mountains correctly depict the unique flavor exclusive to the southwest. The book recommends tours, bike and hikes, local cuisine, Spanish Market, the Loretto Chapel, Botanical Gardens, where to do art classes and not-to-be missed lectures. One of my favorites is the Natilla desert (must try this!) and catching a Pow Wow or two. Definitely a book to buy for those wanting that extra special dose of New Mexico which can't be found anywhere else.

The Complete Santa Fe Bucket List Book is the fifth in the series of Bucket List books by Rio Grande Books. Patricia C. Hodapp, Director of the Santa Fe Library, lists all of the Santa Fe events, places, and distinctive fun that makes The City Different one of the greatest tourist locations in the U.S. There are 100 things that she thinks are noteworthy including: green and red chile; El Rancho de las Golondrinas; sunsets; blue skies; art of Hispanics, Native Americans, and Anglos; museums; Canyon Road; and the Plaza. What Other People Are Saying About This Book . . . Pat Hodapp's Santa Fe Bucket List makes me smile and reminds me of many of the reasons I love Santa Fe. Hodapp combines a librarian's obsession for getting things right with her passionate, on-going love affair with her adopted home town. This gem of a book offers unique and valuable suggestions for visitors and locals, things to see and do for all ages, in all price ranges, throughout our fascinating ancient city. Her recommendations include places to eat - one of my personal favorite ways to explore any city. Written with witty prose and honest personal insights, this useful little guide combines fun and facts in a delightful way. I highly recommend it. - Anne Hillerman
